Data Sheet : *1500mm Feed Trough*

The Feed Trough is manufactured to BS8110

Its integrated feed rail allows feed tubes to be run at both sides of the trough, maximising space and efficiency. The smooth internal finish and bevelled corners allows feed to travel smoothly through the trough and facilitates easy cleaning.

Compatible flat panels are available for column fixing.

Dimensions

Length 2400mm
 Internal Width 1500mm
 Depth 550mm

O/all Height 700mm
 O/all Width 1710mm
 Weight 1720kg
